Rewriting Equations

Name:

Rewrite each number sentence using numerals and symbols.

1) eight minus F equals two

2) four times B equals sixteen

3) one hundred divided by M equals ten

4) The sum of A and seven is twelve

5) The difference between fourteen and Y is six

6) The product of one and C is six

7) T divided by ten equals ten

8) The sum of seven and R is nine

9) The difference between fourteen and H is ten

10) two times J equals sixteen

11) G divided by ten equals ten

12) Z plus seven equals seventeen

13) twelve minus K equals four

14) W times two equals two

15) one hundred divided by P equals ten

16) three plus A equals twelve

17) B minus nine equals eight

18) eight times D equals seventy-two

19) one hundred divided by N equals ten

20) seven times U equals seventy

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
14. _____
15. _____
16. _____
17. _____
18. _____
19. _____
20. _____

1-10	95	90	85	80	75	70	65	60	55	50
11-20	45	40	35	30	25	20	15	10	5	0

Rewriting Equations

Name: **Answer Key**

Rewrite each number sentence using numerals and symbols.

1) eight minus F equals two

2) four times B equals sixteen

3) one hundred divided by M equals ten

4) The sum of A and seven is twelve

5) The difference between fourteen and Y is six

6) The product of one and C is six

7) T divided by ten equals ten

8) The sum of seven and R is nine

9) The difference between fourteen and H is ten

10) two times J equals sixteen

11) G divided by ten equals ten

12) Z plus seven equals seventeen

13) twelve minus K equals four

14) W times two equals two

15) one hundred divided by P equals ten

16) three plus A equals twelve

17) B minus nine equals eight

18) eight times D equals seventy-two

19) one hundred divided by N equals ten

20) seven times U equals seventy

Answers

1. **8 - F = 2**
2. **4 × B = 16**
3. **100 ÷ M = 10**
4. **A + 7 = 12**
5. **14 - Y = 6**
6. **1 × C = 6**
7. **T ÷ 10 = 10**
8. **7 + R = 9**
9. **14 - H = 10**
10. **2 × J = 16**
11. **G ÷ 10 = 10**
12. **Z + 7 = 17**
13. **12 - K = 4**
14. **W × 2 = 2**
15. **100 ÷ P = 10**
16. **3 + A = 12**
17. **B - 9 = 8**
18. **8 × D = 72**
19. **100 ÷ N = 10**
20. **7 × U = 70**

1-10	95	90	85	80	75	70	65	60	55	50
11-20	45	40	35	30	25	20	15	10	5	0
