

Represent each equation with numbers and symbols.

Answers

1) eighteen plus two equals twenty

1. _____

2) seventeen minus nine equals eight

2. _____

3) fifteen plus zero equals fifteen

3. _____

4) nine minus six equals three

4. _____

5) nine minus nine equals zero

5. _____

6) twelve minus ten equals two

6. _____

7) four plus zero equals four

7. _____

8) twelve minus eight equals four

8. _____

9) nine plus three equals twelve

9. _____

10) eight plus zero equals eight

10. _____

11) fifteen plus one equals sixteen

11. _____

12) twenty minus twenty equals zero

12. _____

13) twenty minus sixteen equals four

13. _____

14) seven plus zero equals seven

14. _____

15) seven plus four equals eleven

15. _____

16) twenty minus eleven equals nine

16. _____

17) six plus zero equals six

17. _____

18) nineteen minus nineteen equals zero

18. _____

19) seventeen minus ten equals seven

19. _____

20) ten plus one equals eleven

20. _____

Represent each equation with numbers and symbols.

- 1) eighteen plus two equals twenty
- 2) seventeen minus nine equals eight
- 3) fifteen plus zero equals fifteen
- 4) nine minus six equals three
- 5) nine minus nine equals zero
- 6) twelve minus ten equals two
- 7) four plus zero equals four
- 8) twelve minus eight equals four
- 9) nine plus three equals twelve
- 10) eight plus zero equals eight
- 11) fifteen plus one equals sixteen
- 12) twenty minus twenty equals zero
- 13) twenty minus sixteen equals four
- 14) seven plus zero equals seven
- 15) seven plus four equals eleven
- 16) twenty minus eleven equals nine
- 17) six plus zero equals six
- 18) nineteen minus nineteen equals zero
- 19) seventeen minus ten equals seven
- 20) ten plus one equals eleven

Answers

1. $18 + 2 = 20$
2. $17 - 9 = 8$
3. $15 + 0 = 15$
4. $9 - 6 = 3$
5. $9 - 9 = 0$
6. $12 - 10 = 2$
7. $4 + 0 = 4$
8. $12 - 8 = 4$
9. $9 + 3 = 12$
10. $8 + 0 = 8$
11. $15 + 1 = 16$
12. $20 - 20 = 0$
13. $20 - 16 = 4$
14. $7 + 0 = 7$
15. $7 + 4 = 11$
16. $20 - 11 = 9$
17. $6 + 0 = 6$
18. $19 - 19 = 0$
19. $17 - 10 = 7$
20. $10 + 1 = 11$
