Find the average of the pair of numbers.

- 1) 49 & 56                       $105 \div 2 = 52.5$
- 2) 33 & 39                       $72 \div 2 = 36$
- 3) 66 & 70                       $136 \div 2 = 68$
- 4) 67 & 76                       $143 \div 2 = 71.5$
- 5) 41 & 43                       $84 \div 2 = 42$
- 6) 60 & 66                       $126 \div 2 = 63$
- 7) 662 & 491                     $1,153 \div 2 = 576.5$
- 8) 990 & 118                     $1,108 \div 2 = 554$
- 9) 95 & 52                       $147 \div 2 = 73.5$
- 10) 83 & 74                       $157 \div 2 = 78.5$
- 11) 20 & 29                       $49 \div 2 = 24.5$
- 12) 152 & 183                     $335 \div 2 = 167.5$
- 13) 82 & 34                       $116 \div 2 = 58$
- 14) 56 & 48                       $104 \div 2 = 52$
- 15) 909 & 458                     $1,367 \div 2 = 683.5$
- 16) 981 & 257                     $1,238 \div 2 = 619$
- 17) 52 & 62                       $114 \div 2 = 57$
- 18) 987 & 403                     $1,390 \div 2 = 695$
- 19) 600 & 927                     $1,527 \div 2 = 763.5$
- 20) 839 & 425                     $1,264 \div 2 = 632$
