

Use addition, subtraction, multiplication or division to solve each problem.

Answers

- 1) Robin had to complete 20 homework problems. If each page has 4 problems on it, how many pages does she have to complete?
- 2) Paige was buying DVDs of her favorite TV series. Each season had 3 DVDs. If she bought 9 seasons how many DVDs did she buy total?
- 3) A designer was buying furniture for her new house. She bought 7 chairs for the living room and 2 for her kitchen. How many chairs did she buy total?
- 4) Oliver was reading through his favorite book series. The first week he read 6 different books. The next week he read 9 books. How many books did he read total?
- 5) Vanessa owned 5 songs by her favorite artists. Later on she bought 8 more songs. How many songs did she have total?
- 6) Maria collected 12 cans for recycling. If she put 8 cans in one bag how many cans did she have left?
- 7) Billy mowed his lawn 9 times total during the spring and summer. If he mowed it 7 times in the summer. How many times did he mow in the spring?
- 8) Haley had 8 quarters. If it costs 4 quarters for each coke from a coke machine, how many could she buy?
- 9) Amy was practicing for a marathon. She practiced for 9 days, running 3 miles each day. How many miles did Amy run altogether?
- 10) A chef had 10 potatoes to make fries with, but he only used 5 of them. How many potatoes does he still have?
- 11) Gwen was helping her mom pick apples from the tree in their front yard. Together they picked 14 total. If 9 of the apples weren't ripe yet, how many good apples did they pick?
- 12) Isabel's dad took her and some friends out to eat for her birthday. If each meal costs 7 dollars and her dad paid for 2 meals, how much did he spend?
- 13) Henry was packing up his old toys. He has 21 toys to pack up and can fit 7 in each box. How many boxes will he need?
- 14) A pet store had 10 siamese cats. If they sold 7 of them, how many cats did they still have?
- 15) Faye was helping her mom plant vegetables in the garden. Together they planted 8 rows of potatoes with 8 seeds in each row. How many potatoes did they plant total?
