Draw each rectangle to the scale shown and determine the new dimensions.

1) The rectangle below has the dimensions: 5.9 × 6.4

Create another rectangle that is scaled to 4 times the size of the current rectangle.

2) The rectangle below has the dimensions: 3.2 × 2.8

Create another rectangle that is scaled to 9 times the size of the current rectangle.

3) The rectangle below has the dimensions: 2.1 × 2.4

Create another rectangle that is scaled to 16 times the size of the current rectangle.

4) The rectangle below has the dimensions: 2.8 × 6.9

Create another rectangle that is scaled to 4 times the size of the current rectangle.

5) The rectangle below has the dimensions: 2 × 2.8

Create another rectangle that is scaled to 16 times the size of the current rectangle.

6) The rectangle below has the dimensions: 5.8 × 3.8

Create another rectangle that is scaled to 4 times the size of the current rectangle.
## Drawing Scaled Rectangles

Draw each rectangle to the scale shown and determine the new dimensions.

1) The rectangle below has the dimensions: $5.9 \times 6.4$

![Rectangle 1](image1)

Create another rectangle that is scaled to 4 times the size of the current rectangle.

2) The rectangle below has the dimensions: $3.2 \times 2.8$

![Rectangle 2](image2)

Create another rectangle that is scaled to 9 times the size of the current rectangle.

3) The rectangle below has the dimensions: $2.1 \times 2.4$

![Rectangle 3](image3)

Create another rectangle that is scaled to 16 times the size of the current rectangle.

4) The rectangle below has the dimensions: $2.8 \times 6.9$

![Rectangle 4](image4)

Create another rectangle that is scaled to 4 times the size of the current rectangle.

5) The rectangle below has the dimensions: $2 \times 2.8$

![Rectangle 5](image5)

Create another rectangle that is scaled to 16 times the size of the current rectangle.

6) The rectangle below has the dimensions: $5.8 \times 3.8$

![Rectangle 6](image6)

Create another rectangle that is scaled to 4 times the size of the current rectangle.
