

Determine which choice best answers each question.

Answers

- 1) Which choice has a digit in the ones place that is exactly five times the value of the digit in the tens place?  
A. 542                      B. 515                      C. 241                      D. 827
- 2) Which choice has a digit in the tens place that is exactly eight times the value of the digit in the ones place?  
A. 81                      B. 25                      C. 39                      D. 17
- 3) Which choice has a digit in the hundred thousands place that is exactly twice the value of the digit in the millions place?  
A. 1,295,317              B. 8,123,956              C. 6,459,283              D. 1,659,732
- 4) Which choice has a digit in the ten thousands place that is exactly twice the value of the digit in the ones place?  
A. 6,473,821              B. 7,526,934              C. 5,213,967              D. 8,165,963
- 5) Which choice has a digit in the ten thousands place that is exactly twice the value of the digit in the thousands place?  
A. 293,765              B. 584,697              C. 381,725              D. 152,364
- 6) Which choice has a digit in the hundreds place that is exactly four times the value of the digit in the ten thousands place?  
A. 541,368              B. 543,986              C. 186,379              D. 427,856
- 7) Which choice has a digit in the thousands place that is exactly seven times the value of the digit in the tens place?  
A. 19,243              B. 47,817              C. 68,574              D. 63,857
- 8) Which choice has a digit in the hundreds place that is exactly twice the value of the digit in the tens place?  
A. 426                      B. 256                      C. 295                      D. 987
- 9) Which choice has a digit in the ones place that is exactly six times the value of the digit in the hundreds place?  
A. 968                      B. 192                      C. 116                      D. 734
- 10) Which choice has a digit in the ones place that is exactly four times the value of the digit in the tens place?  
A. 938,714              B. 491,658              C. 793,648              D. 187,624
