Use the shapes provided to answer the questions.

Ex) There are 15 shapes below. How many groups of 6 can you make with them? How many will you have left over?

1) There are 27 shapes below. How many groups of 5 can you make with them? How many will you have left over?

2) There are 26 shapes below. How many groups of 4 can you make with them? How many will you have left over?

3) There are 23 shapes below. How many groups of 9 can you make with them? How many will you have left over?

4) There are 28 shapes below. How many groups of 2 can you make with them? How many will you have left over?

5) There are 14 shapes below. How many groups of 4 can you make with them? How many will you have left over?

6) There are 18 shapes below. How many groups of 5 can you make with them? How many will you have left over?

7) There are 27 shapes below. How many groups of 6 can you make with them? How many will you have left over?

8) There are 18 shapes below. How many groups of 3 can you make with them? How many will you have left over?

9) There are 14 shapes below. How many groups of 3 can you make with them? How many will you have left over?

Use the shapes provided to answer the questions.
