The line plot below shows the number of customers a store had each day. Use the line plot to answer the questions.

1) How many customers did they have on day 2?
2) Did they have more customers on day 5 or on day 8?
3) Did they have fewer customers on day 3 or on day 7?
4) How many days did they have more than 5 customers?
5) How many days did they have fewer than 5 customers?
6) What is the combined number of customers they had on day 1 and on day 4?
7) Which day had the most customers?
8) Which day had the fewest customers?
9) Which days (if any) had more than 10 customers?
10) What is the difference in the number of customers on day 5 and the number on day 6?
11) Which day had exactly 4 customers?
The line plot below shows the number of customers a store had each day. Use the line plot to answer the questions.

<table>
