

Find the average of the pair of numbers.

- 1) 60 & 66
- 2) 121 & 878
- 3) 52 & 96
- 4) 802 & 594
- 5) 86 & 96
- 6) 77 & 85
- 7) 37 & 77
- 8) 68 & 54
- 9) 39 & 62
- 10) 61 & 64
- 11) 21 & 30
- 12) 75 & 16
- 13) 295 & 586
- 14) 976 & 561
- 15) 25 & 59
- 16) 29 & 31
- 17) 37 & 68
- 18) 284 & 332
- 19) 61 & 69
- 20) 61 & 85

Find the average of the pair of numbers.

- 1) 60 & 66                       $126 \div 2 = 63$
- 2) 121 & 878                    $999 \div 2 = 499.5$
- 3) 52 & 96                         $148 \div 2 = 74$
- 4) 802 & 594                    $1,396 \div 2 = 698$
- 5) 86 & 96                         $182 \div 2 = 91$
- 6) 77 & 85                         $162 \div 2 = 81$
- 7) 37 & 77                         $114 \div 2 = 57$
- 8) 68 & 54                         $122 \div 2 = 61$
- 9) 39 & 62                         $101 \div 2 = 50.5$
- 10) 61 & 64                        $125 \div 2 = 62.5$
- 11) 21 & 30                         $51 \div 2 = 25.5$
- 12) 75 & 16                        $91 \div 2 = 45.5$
- 13) 295 & 586                    $881 \div 2 = 440.5$
- 14) 976 & 561                    $1,537 \div 2 = 768.5$
- 15) 25 & 59                         $84 \div 2 = 42$
- 16) 29 & 31                         $60 \div 2 = 30$
- 17) 37 & 68                         $105 \div 2 = 52.5$
- 18) 284 & 332                    $616 \div 2 = 308$
- 19) 61 & 69                         $130 \div 2 = 65$
- 20) 61 & 85                         $146 \div 2 = 73$
