

Follow the instructions to find the number you end at.

Ex) Start at 550 and count up 3 times by fives.

- 1) Start at 537 and count up 3 times by tens.
- 2) Start at 520 and count up 3 times by fives.
- 3) Start at 434 and count up 3 times by tens.
- 4) Start at 724 and count up 4 times by tens.
- 5) Start at 205 and count up 5 times by fives.
- 6) Start at 468 and count up 2 times by hundreds.
- 7) Start at 520 and count up 4 times by fives.
- 8) Start at 941 and count up 2 times by tens.
- 9) Start at 799 and count up 3 times by tens.
- 10) Start at 380 and count up 3 times by fives.
- 11) Start at 440 and count up 4 times by fives.
- 12) Start at 410 and count up 5 times by hundreds.
- 13) Start at 415 and count up 3 times by fives.
- 14) Start at 763 and count up 4 times by tens.
- 15) Start at 35 and count up 5 times by hundreds.
- 16) Start at 66 and count up 2 times by hundreds.
- 17) Start at 458 and count up 4 times by hundreds.
- 18) Start at 24 and count up 5 times by hundreds.
- 19) Start at 40 and count up 2 times by fives.
- 20) Start at 740 and count up 4 times by tens.

Answers

Ex. 565

1. _____

2. _____
