

Determine which choice best answers each question.

**Answers**

- 1) length of a baseball cap    2) height of a lollipop    3) height of a piece of popcorn
- A. 1 inch                            A. 4 inches                            A. 1 inch
- B. 1 foot                            B. 4 feet                                B. 1 foot
- C. 1 yard                            C. 4 yards                              C. 1 yard
- D. 1 mile                            D. 4 miles                              D. 1 mile
  
- 4) length of a key                    5) height of a flag pole            6) depth of the deepest part of the ocean
- A. 2 inches                            A. 10 inches                            A. 6 inches
- B. 2 feet                              B. 10 feet                                B. 6 feet
- C. 2 yards                            C. 10 yards                              C. 6 yards
- D. 2 miles                            D. 10 miles                              D. 6 miles
  
- 7) height of a box of cereal    8) distance from {NYC} to Albany, NY    9) height of a new pencil
- A. 1 inch                              A. 150 inches                            A. 7 inches
- B. 1 foot                              B. 150 feet                                B. 7 feet
- C. 1 yard                              C. 150 yards                              C. 7 yards
- D. 1 mile                              D. 150 miles                              D. 7 miles
  
- 10) height of a cereal bowl    11) length of a school bus        12) length of a highway
- A. 4 inches                            A. 35 inches                              A. 30 inches
- B. 4 feet                                B. 35 feet                                B. 30 feet
- C. 4 yards                              C. 35 yards                                C. 30 yards
- D. 4 miles                              D. 35 miles                                D. 30 miles
  
- 13) height of a stove            14) height of a ferris wheel      15) height of a car
- A. 1 inch                                A. 75 inches                              A. 5 inches
- B. 1 foot                                B. 75 feet                                B. 5 feet
- C. 1 yard                                C. 75 yards                                C. 5 yards
- D. 1 mile                                D. 75 miles                                D. 5 miles
