

Write each array as an addition problem and solve.

Ex) $\begin{array}{ccc} \times & \times & \times \\ \times & \times & \times \end{array}$

1) $\begin{array}{ccccc} \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \end{array}$

2) $\begin{array}{ccc} \text{star} & \text{star} & \text{star} \\ \text{star} & \text{star} & \text{star} \\ \text{star} & \text{star} & \text{star} \end{array}$

3) $\begin{array}{ccccc} \text{fish} & \text{fish} & \text{fish} & \text{fish} & \text{fish} \\ \text{fish} & \text{fish} & \text{fish} & \text{fish} & \text{fish} \end{array}$

4) $\begin{array}{cc} \text{fish} & \text{fish} \\ \text{fish} & \text{fish} \\ \text{fish} & \text{fish} \end{array}$

5) $\begin{array}{ccc} \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \end{array}$

6) $\begin{array}{cccc} \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \end{array}$

7) $\begin{array}{cc} \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \end{array}$

8) $\begin{array}{cccc} \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \end{array}$

9) $\begin{array}{ccccc} \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \end{array}$

10) $\begin{array}{ccccc} \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \end{array}$

11) $\begin{array}{cc} \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \end{array}$

12) $\begin{array}{cccc} \text{star} & \text{star} & \text{star} & \text{star} \\ \text{star} & \text{star} & \text{star} & \text{star} \end{array}$

13) $\begin{array}{cc} \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} \end{array}$

14) $\begin{array}{cccc} \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \end{array}$

Answers

Ex. $3+3=6$

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

11. _____

12. _____

13. _____

14. _____

Write each array as an addition problem and solve.

Ex) $\begin{array}{ccc} \times & \times & \times \\ \times & \times & \times \end{array}$

1) $\begin{array}{ccccc} \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} & \text{pentagon} \end{array}$

2) $\begin{array}{ccc} \text{star} & \text{star} & \text{star} \\ \text{star} & \text{star} & \text{star} \\ \text{star} & \text{star} & \text{star} \end{array}$

3) $\begin{array}{ccccc} \text{fish} & \text{fish} & \text{fish} & \text{fish} & \text{fish} \\ \text{fish} & \text{fish} & \text{fish} & \text{fish} & \text{fish} \end{array}$

4) $\begin{array}{cc} \text{fish} & \text{fish} \\ \text{fish} & \text{fish} \\ \text{fish} & \text{fish} \end{array}$

5) $\begin{array}{ccc} \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} \end{array}$

6) $\begin{array}{cccc} \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \\ \text{square} & \text{square} & \text{square} & \text{square} \end{array}$

7) $\begin{array}{cc} \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \\ \text{triangle} & \text{triangle} \end{array}$

8) $\begin{array}{cccc} \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \end{array}$

9) $\begin{array}{ccccc} \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} & \text{heart} \end{array}$

10) $\begin{array}{ccccc} \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \\ \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} & \text{diamond} \end{array}$

11) $\begin{array}{cc} \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \\ \text{crescent} & \text{crescent} \end{array}$

12) $\begin{array}{cccc} \text{heart} & \text{heart} & \text{heart} & \text{heart} \\ \text{heart} & \text{heart} & \text{heart} & \text{heart} \end{array}$

13) $\begin{array}{cc} \text{pentagon} & \text{pentagon} \\ \text{pentagon} & \text{pentagon} \end{array}$

14) $\begin{array}{cccc} \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \\ \text{circle} & \text{circle} & \text{circle} & \text{circle} \end{array}$

Answers

Ex. $3+3=6$

1. $5+5+5=15$

2. $3+3+3=9$

3. $5+5=10$

4. $2+2+2=6$

5. $3+3+3+3=12$

6. $4+4+4+4=16$

7. $2+2+2+2=8$

8. $4+4+4=12$

9. $5+5+5+5+5=25$

10. $5+5+5+5=20$

11. $2+2+2+2+2=10$

12. $4+4=8$

13. $2+2=4$

14. $4+4+4+4+4=20$
