

**Solve each problem.****Answers**

- 1) Isabel had thirteen math problems and twenty-seven science problems for homework. If she finished twenty-eight of the problems at school, how many problems did she have to do for homework?
- 2) Debby picked fifty tulips and five roses to make flower bouquets. If she only used twenty-nine of the flowers though, how many extra flowers did Debby pick?
- 3) Robin bought two coloring books. One had thirty-one pictures and the other had three. After one week she had already colored eight of the pictures. How many pictures does she still have to color?
- 4) Paige was playing a trivia game. In the first round she scored eighteen points and in the second round she scored thirty-one points. In the last round she lost thirty-five points. How many points did she have at the end of the game?
- 5) For Halloween Olivia and her sister combined the candy they received. Olivia had twenty-eight pieces of candy while her sister had forty-five. If they ate sixty-two pieces the first night, how many pieces do they have left?
- 6) While on vacation, Janet took sixteen pictures at the zoo and thirty-five at the museum. If she later deleted five of the pictures, how many pictures from her vacation did she still have?
- 7) While shopping, Lana bought twenty-five green towels and thirty-four white towels. If she gave her mother forty-three of them, how many towels did Lana end up with?
- 8) A waiter at 'The Greasy Spoon' restaurant had nine customers to wait on. During the lunch rush he added another thirty-three customers. If seven of the customers didn't leave him a tip, how many customers did leave a tip?
- 9) Adam started his own lawn mowing business. In the spring he made fifty dollars mowing lawns and in the summer he made twenty-nine dollars. If he had to spend thirty-five dollars buying supplies, how much money did he end up with?
- 10) Henry had to wash four short sleeve shirts and nine long sleeve shirts before school. If he had only washed twelve of them by the time school started, how many did he not wash?
